DRINKS & ART

BANGKOK

Private Vernissages
around the world

AIM

To host a private reception of the Drinks & Art series in Bangkok, Thailand, for expats and locals, uniting entrepreneurs, celebrities and innovators.

The show features one or more artists and their work, e.g. photography, painting and sculpture as well as local cuisine and beverages.

Typically, between 100 and 300 guests attend. 5-12 large or medium size works are on display. (100 x 100 cm or bigger)

It is not a traditional vernissage with the obvious goal to sell art, even though the pieces on display might be available:

Drinks & Art is all about networking and good conversations.
